
The Home Screen has 11 labelled tabs which all open different webpages. Some of these tabs also have drop down menus with additional subpages which you can visit.

The Online Database page is password protected as the library pays a subscription fee to a number of databases.

Content will be added to the Assignment Help webpage in terms 3 and 4 and links will become active.

CiteMaker makes referencing easy. Students are required to use the referencing style Harvard AGPS (Australian version).
The Great Reads webpage contains a variety of resources for junior, middle and senior students.

The Parents webpage gives you access to new parent resources, information on growth mindset parenting and social media restrictions.

The Raise a Reader webpage contains tips on how to encourage your child to read.

Thank you for supporting Redlands College Library as we endeavour to publish a dynamic and exciting website that meets the needs of students, teachers and parents.
