About Brooke

Alumna of the College, Brooke Cassar's passion and dedication to the art form of dance has allowed her to enjoy a professional career as a ballet dancer, dancing extensively in Australia and overseas.

After being accepted into the Queensland Ballet Junior Extension Program she continued her training at the Queensland Dance School of Excellence and with Queensland Ballet in the Pre-Professional Ballet Program.

After graduation, Brooke commenced full time study in Sydney at the Tanya Pearson Classical Coaching Academy, before moving to France for the opportunity to join the Professional Training Program at Ecole Superior de Danse, Rosella Hightower.

Brooke then went on to secure two professional ballet company contracts at the age of eighteen in Le Palais d'Hiver St Petersburg Ballet in Toulouse and Ballet Divaldo J.K Tyla Theatre in the Czech Republic.

Brooke returned to Australia with a wealth of knowledge and experience under some of the world's best mentors and choreographers. Brooke has had extensive performance and teaching experience, offering students invaluable knowledge through her dedication and passion for dance.

Brooke has found great joy teaching dance in the Junior School at Redlands College for the past three years and looks forward to providing more opportunities for students to grow, learn, inspire and nurture a real passion to move in this easily accessible after-school program.
